- Optional: camera with autofocus feature to scan barcodes

Android devices with built-in scanner	Retail price	Comment
Zebra TC55	~ \$1,200	Before using the scanner in the application you will need to configure the DataWedge app as described in this document .
Zebra MC40	~ \$1,200	
Zebra TC51	~ \$1,400	
Zebra TC52	~ \$1,500	
Zebra TC56	~ \$1,600	
Zebra TC57	~ \$1,700	
Zebra TC70/72	~ \$1,700	
Zebra TC75	~ \$2,100	
Zebra TC77	~ \$2,300	
Zebra TC20	~ \$650	
Zebra TC25	~ \$600	
PA700	~ \$900 - \$1300	
PA730 / PA730V	~ \$1,000 - 1,200	
EA602	~ \$600	
EA500	~ \$700	
Wasp DR2	~ \$1,800 - 2,400	
Intermec CN51	~ \$1,000 - 1,200	
Sunmi ANDROID L2	~ \$1,000	'Output via broadcast' shall be enabled in Settings

Bluetooth barcode scanners for Android devices

Any Bluetooth barcode scanner with SPP (Serial Port Profile) type of Bluetooth connection should work correctly with HandiFox app on Android.

Below is the list of Bluetooth scanners that HandiFox was tested with:

Bluetooth barcode scanners	Retail price	Comment
Socket CHS 7Ci	~ \$260.00	
Motorola CS3070	~ \$170	
Opticon OPN2006	~ \$240	
Koamtac KDC300	~ \$600	
Zebra DS2278	~ \$240	

Label printers

Labels can be printed by HandiFox from the desktop computer.

By default HandiFox prints labels of two sizes:

- Normal: 2-3/7" X 1-1/7"
- Large: 4" X 2"

Note: Labels can be printed with office printers and optional software from [ID Automation](#) which supports a wide range of label printers. Please call for details.

Bluetooth barcode scanners	Retail price	Comment
Brother QL-810W	~ \$150	Works Directly with HandiFox PC and HandiFox app
Zebra gk420 d/t (4")	~ \$450	Works Directly with HandiFox PC
DYMO LabelWriter 4XL (4")	~\$280	Works Directly with HandiFox PC
WPL308 (4")	~\$550	Not tested. Demands ID Automation
Zebra ZD50042-T012R1FZ (4")	~\$1,780.20	Tested. Demands ID Automation

Receipt Printer

Receipt can be printed by HandiFox Mobile app to Bluetooth and Network printers. To be compatible with HandiFox the printer should support one of the following printer languages:

- HP PCL
- CPCL
- Line Printer

The receipts can be printed in 2" and Letter size. Please contact us if you need to print receipts in different size.

Below is the list of Receipt printers that HandiFox was tested with:

- Zebra QLN 220 (2")
- Zebra ZQ610 (2")

Note: Letter size printing in a vehicle can be accomplished using office WiFi printers supporting the HP PCL format. These are available from HP and Brother. An AC power supply and a wireless router are required in the vehicle.

Bluetooth barcode scanners	Retail price	Comment
Zebra QLN 220 (2")	~ \$950	
Zebra ZQ610 (2")	~ \$850
